ADVANTAGE
ADSLBASIC7.5/1-24

Our machines are built to last, but because certain wear parts are naturally subject to heavy use, JOSKIN anticipates your needs and is offering you this August a complete set of 30 synthetic shares with every purchase of a Pendislide BASIC 75/30PS1 spreading boom from the ADSLBASIC7.5/1-24 series in stock.

You will also receive a summer kit from the JOSKIN Shop, including a grey polo shirt, a cap, a pair of yellow sunglasses, a pair of work gloves and a titanium-grey insulated bottle.

Offer subject to terms and conditions, valid from 01.08.2026 to 31.08.2026, exclusively on Pendislide BASIC 75/30PS1 spreading booms from the Advantage ADSLBASIC7.5/1-24 series in stock. Offer valid for professional resellers too.
