

Jumbomixer: FOR A PERFECT SLURRY IN A TWINKLING OF AN EYE!

Large-diameter (1 3/4" - 50 mm) transmission shaft with 55 mm bearing

Single-acting cylinder to adjust the angle up to 45°

Triangular structure for an optimal stability, while preventing any torsion of the shaft

2-blade Ø 650 mm JUMBO propeller in 6 mm reinforced stainless steel
